Indxx US ETF Industry Top 10 Index Licensed by Samsung Asset Management for an Exchange Traded Fund

New York – May 17, 2022 - [Indxx](#) is pleased to announce the licensing of their Indxx US ETF Industry Top 10 Index to South Korea-based Samsung Asset Management. The index will serve as the underlying benchmark for the KODEX US ETF Industry Top10 Indxx ETF (Ticker: 428560 KS Equity).

The Index ([IUET10T](#)) is designed to track the performance of financial companies that are involved in the business of issuing passive financial products, creating market indices, providing financial data, and operating regulated exchanges for financial market participants. In this context, the index is divided into the following sub-themes: ETF Issuers, Index Providers, Exchanges, and Financial Data Providers.

“In recent years, ETFs have been the fastest-growing investment vehicle, and we expect this trend to continue as more investors seek ETFs for their simplicity, cost-effectiveness, and transparency. In light of this trend, we are extremely pleased to announce the introduction of an ETF that is the first of its kind in South Korea and gives exposure to US firms that are at the forefront of the rapidly growing ETF market worldwide,” said Rahul Sen Sharma, Managing Partner at Indxx. “Beyond this collaboration with Samsung, we expect many more innovative products to come from this partnership.”

Chandan Kumar GV, Head, Index Products at Indxx added, “Each of our products represents an innovative solution backed by cutting-edge research and effective methodology. The Indxx US ETF Industry Top 10 Index is no exception. We are excited to bring this index to life through our partnership with Samsung Asset Management.”

Commenting on their licensing of the index, Dunam Kim, CIO at Samsung Asset Management, said, “We are excited about our product line expansion and thrilled to launch the US ETF Industry Top 10 Index with Indxx. We expect to be able to offer more innovative investment solutions in Korea through this close collaboration. The KODEX US ETF Industry Top10 Indxx ETF will provide investors with exposure to companies not easily accessible that are leading the charge in the ETF space.”

As of May 17, 2022, the index has 10 constituents. It has a back-tested date of December 30, 2016 and a live calculation date of February 02, 2022. Additional information can be found [here](#).
